

*The
Lantern's
Flame
1996*

Louise Harkey School of Nursing

431 Copperfield Blvd., NE
Concord, NC 28025

Moving on . . .

The summer of 1995 was a memorable one. LHSON moved from its home of more than fifty years to a new location on Copperfield Boulevard. Faculty and staff could be found most of the summer packing boxes and moving furniture.

. . . to a new beginning

In August, the school's new home was ready for all, and as boxes were unpacked and bulletin boards were hung, 431 Copperfield Boulevard became our new home.

Dedication

For all the times you made learning fun . . . For all the times you gave us that needed word of encouragement . . . For telling us you believed in us when we weren't quite sure we believed in ourselves . . .

. . . we, the Senior Class, proudly dedicate the 1996 Lantern's Flame to Dr. Linda Johanson.

The Class of 1996

*If you can bring a special understanding
To all of those entrusted to your care
And meet their needs, no matter how demanding,
With patience and with energy to spare;*

*If you can lend each task your full devotion
And always try to listen and to cheer,
If you can learn to understand emotion
And comfort others just by being near;*

*If you look forward with anticipation
To meeting special challenges each day,
If you can keep your faith and dedication
Whenever disappointment comes your way;*

*If you take pride in giving your profession
The finest skills and talents you possess,
Then all your dreams and goals will find expression
And, as a nurse, you'll be a great success.*
